

Nevada State Industry Sector Councils

Mission: Provide the space for Nevada employers to engage in facilitated conversations regarding industry opportunities and challenges that will guide state workforce development strategy and activity.

Defined: Assemblies of employers, organized labor, post-secondary education, or other relevant groups or individual that identifies as part of or supportive of the related industry sector. The active sectors include:

Deliverable: The councils will provide the following:

1. Make recommendations to the Governor's Workforce Development Board to guide system alignment with local workforce boards
2. Verification of labor market information and job posting data
3. Direct feedback on education and training programs
4. Feedback on high-value credentials
5. Letters of support for programs and grant applications
6. Proposals for policy adjustment/implementation and provide a unified sector voice to testify on proposed policy
7. Opportunities to build on strengths and close gaps articulated in Nevada's Plan for Recovery and Resilience

How: Business is convened at the center of the conversation. Roundtable introductions should include the top hard/urgent-to-fill role and other barriers, including non-workforce-related priorities. Community Partners are invited to present timely material most relevant to address business needs. Interested individuals may submit an interest form here:
