Budget Updates – Kristen Dwyer

Current Grant

- Have about \$230,000 through Tech Hubs for an RFP for dashboard
 - Democratization of Data through building and implementing user friendly dashboards that improve the quality of workforce data: (a) What workforce training and educational opportunities exist, and career pathways associated with those outcomes and provider performance tracking, and (b) What the current and future labor force looks like, which will help policymakers as well as GOED and RDAs when working to attract key industry-sector companies to locate to Nevada.

Potential Grant

- Workforce Data Quality Initiative (WDQI)
 - <https://www.dol.gov/agencies/eta/performance/wdqi>
 - From US Department of Labor
 - Historically, the announcement has come out every other year so should see it in early 2025
 - Nevada has never received funding from this
